DEVELOPMENT DEPARTMENT

Sub: Education - Malpe High School - Examinations and stationery - (papers) - purchase of sanction - requested.

-- -- -- --

There are more than 245 students studying in the Malpe Fisheries High School. There are eight subjects taught altogether and on which written examinations have to be conducted. To conduct the half yearly examination on 15-12-52 the pupils most of them are fisher children had to be provided with writing paper.

Since the Fisheries school at Malpe has very recently been raised as an High school, the answer books CF.497-A and 498 for conducting examinations were not indented for from the Superintendent, Government Press by the Assistant Director of Fisheries, Mangalore. He has been instructed to do so in future.

Therefore the Assistant Director of Fisheries, Mangalore permitted the Head Mistress of Malpe High School to purchase locally 4 reams of paper to conduct the examinations. The cost of 4 reams of paper amounts to Rs. 32/-

The school ofcourse collects from students stationery fees at Rs. 1/8/-from I to III Forms and Rs. 2/- from students of IV Form. These collections are being remitted into the treasury under the appropriate departmental head then and there and therefore the amount was not available for purchase of the stationery.

In the circumstances stated above, I request the Government to kindly accord sanction for an expenditure of Rs. 32/- incurred by the Assistant Director of Fisheries, Mangalore for the purchase of paper to conduct the half yearly examination in Malpe High school.
